

## JOHN CORT IS TO BUILD NEW THEATER

Work Is to Begin on the Structure This Monday Morning.

### SITE IS THE GROUND NORTH OF KNUTSFORD

Work Will Be Pushed and the House Will Open in About Forty Days.

Contracts for the construction of a new theater in this city have been let and this (Monday) morning the work of excavating for the new playhouse will begin. The site of this new theater is on the property owned by Mr. Daniels on State street, just north of the Knutsford hotel. Counselman L. D. Martin is the contractor.

Steel and other material necessary for the building is now in the railroad yards in this city and the construction will be pushed as rapidly as money and men can do it, and the intention is to have it ready for occupancy by the 15th of October. The building will be 30 feet front by 165 feet deep, and three stories in height. It will cost \$25,000 and \$30,000 more will be expended in furnishing it. The upper portion of the structure will be used as an apartment building.

Built for John Cort. The theater is to be constructed for John Cort, for whom the colonial theater on East Third South is being built. In the State street house the State and local management will be under the direction of Max Florence of the Elite theater. When a site was being sought for the new theater several places were considered, one opposite the Orpheum, another on East Third South, just east of State, and an effort was also made to secure the Elite theater, but Manager Florence of that playhouse, after carefully considering everything, decided that he would continue his moving picture theater in the place where it was located. Finally the site on State street was selected and work will begin at once.

Grant Becomes General Manager. In connection with the building of two playhouses in Salt Lake for Mr. Cort, it can be said that R. A. Grant, who has been the manager of the Grand opera house in Ogden, and who was the manager of the Lyric theater when that playhouse presented vaudeville and melodrama, will become the general manager of the two new playhouses here and he will also retain the management of the Ogden house, while he will make his home in Salt Lake.

While the State street house will open as a full about October 15, it will be some what later before the Colonial will open, although it is expected that it will be ready early in November. Just as soon as it is ready for occupancy, play will be presented.

Orchestra Under Squire Coop. Manager Grant has placed the orchestra for the Colonial, which will consist of ten players in charge of Squire Coop, which is a guaranty that the music will be of high class. The advertising privilege of the program have been awarded to the W. S. Jones Advertising company of Salt Lake.

It is understood that the rathskeller which will go in the basement of the Colonial will be in charge of a well-known caterer of Ogden, and that it will be one of the finest caes anywhere in the west, and as fine as any in the entire country.

When these two theaters are in operation it will make five theaters running in Salt Lake at the same time. These, with the moving picture theaters, will give Salt Lake amusement lovers ample opportunity to separate themselves from their money during the coming winter.

A burglar came from cottage No. 2, in the rear of at West Sixth South street, Sunday night at 9:30 p.m., called the police to make a rapid trip to the number, only to find that the person who had caused the alarm was in bed. The call came from the home of D. C. McIntyre.

About 5:45 o'clock Sunday afternoon Mrs. McIntyre and Miss Myrtle McIntyre were in the front part of the house when they heard a noise. The McIntyres, thinking it was neighbors that had come in, went to receive them. When they opened the door leading from the kitchen into the living room, they found a stranger man. She slammed the door and shut the door, and the man fled. The thief, becoming frightened, made his escape through a window. A trunk that was in the bedroom had been broken into and things in a bedroom were turned upside down by the man looking for plunder, but nothing was taken.

## REV. F. B. SHORT SPEAKS ON MISSION OF METHODIST CHURCH

The Rev. Francis Burgette Short, pastor of the First Methodist church, preached a lengthy but instructive Sunday morning sermon on the growth of the Methodist Episcopal church as compared with that of the various other Christian denominations. A large congregation greeted the Rev. Mr. Short and his remarks were listened to with unusual interest.

The Rev. Mr. Short spoke in part as follows: "Methodism has always known its field, and knows it now. John Wesley enunciated it when, with prophetic vision, he blended with apostolic inspiration, he preached, 'The world is my parish.' Though born in a monarchy, it has crossed every sea and penetrated every continent and every government, until the whole earth enjoys that larger and purer liberty and life which its heroic advocates have fought and bled for. The world being the field of our glorious

## DON'T CLIMB ON CHAIRS WHEN LEAVING THEATER

Do not climb over chairs in the Orpheum theater in your haste to get out after a performance. A 16-year-old miss who was in the gallery on Saturday attempted it with dire results.

There was an overflow house at the matinee and when the curtain dropped on the final act there was a rush to get out. The young girl in question stepped from the seat she had occupied to one below, when it closed up on her like a closing bed.

Her foot was wedged in and efforts upon her part, as also of her mother, to get her out of the chair, were of no avail. The girl was unharmed, but the incident had all gotten out. Manager Which was called and his attempts to release the girl were unsuccessful. She became hysterical. The stage carpenter was secured and the entire row of seats had to be fastened from the floor before the young woman obtained her freedom. She was a prisoner for about an hour.

Miss Sybilla Clayton, who plays at the Emma Lucy Gales, was at one time playing in the studio of her teacher, Jonas, in Berlin, when a famous musical critic entered the drawing room, and he was enchanted by the voice and charm of what he heard. At the close of the rendition the critic said to Jonas: "If you could introduce me to the gentleman who has so delighted my ears with his masterly playing." "All right," laughed Jonas, "come in. This is the young gentleman," and as Miss Clayton stood, bowing and blushing, both gentlemen enjoyed the joke and the very rich compliment implied in the natural mistake. For of all the qualities which so please the audience look at the renditions of this young artist most surprises with the strength and surety of her touch. That a girl should have such technique as unusual as it is delightful; and that this young lady has nothing of her delicacy and charm with all of this is a rare thing, both heart and hands. At the last visit of Origi in Berlin, Miss Clayton was present when he conducted the renditions of the concerto she is now to play. Her own interpretation was thus greatly enriched.

## COUNCIL WILL OPEN BOARD BOSS TONIGHT

Several Offers Have Been Made and Matter May Be Finally Decided.

### APPOINTMENT OF AN ASSISTANT FIRE CHIEF

Fathers Will, in All Likelihood, Confirm Nomination of W. L. Fitzgerald.

One of the most important, if not the most important, matter that will come before the city council at its session tonight will be the opening of bids for the \$600,000 bond issue authorized at the recent election.

The opening of bids probably will be the first thing on the program, and it is possible that the bonds may be awarded. There are several bids, but if none of them is complicated the council may accept the lowest bid on the spot. Otherwise the bids may be referred to a committee and the successful bidder not announced until the next meeting night of council.

The bonds bear 4 1/2 per cent interest and will be issued for sewer and water purposes. Detective Frank M. Wheeler may be censured and suspended ten days without pay for striking Moffett H. Rice, of the police, in the office of the police committee, composed of Messrs. Stewart, O'Donnell, Ferry, Rice and Wood, which has been investigating Rice's complaint for three weeks, will make its report to the city council tonight. The committee is divided, but it is said that the majority believe that the negro's complaint is just and will recommend that Wheeler be censured and laid off for a short time without pay. Whether the council will accept this report remains to be seen.

Rice, it is authoritatively said, will make the report the basis for a civil suit against the detective for damages for personal injuries. Wheeler's defense is that the negro is a liar. Fitzgerald May Be Confirmed. W. L. Fitzgerald's nomination as assistant fire chief, sent to the council by Chief W. H. Gloré last Monday night, will be referred to the fire committee, will come up again and likely will be confirmed.

The improvement committee, composed of Martin, Black, Raybould, Hall and Peterson, will present a report recommending the installing of 100 new arc lights. Within the last few months many petitions for additional lamps have been received, but some of these have been rejected. The committee is all over the city making an investigation as to where new lights are absolutely needed, and will substitute some of the petitions with recommendations for the use of arc lights. The committee is scattered all over the city and are badly needed in some of the outer districts on account of the city's growth in that direction. The installing of that many more lamps will add \$600 a month to the city's expenses, the rental being \$5 a month per light.

The proposed ordinance, permitting the use of the city's water and clay pipe for house connections with sewers will be another important matter to come up. At the committee meeting, Thursday night, the various committees resolved to make a complete survey of the whole and after a long discussion, referred the hastily drawn ordinance, offered by Mr. Reddell, back to the municipal laws and sewer committees.

The ordinance provided for the use of a vitrified pipe only and it was the sense of the meeting Thursday night that a new ordinance be drafted permitting the use of either iron or clay pipe at the discretion of the city commissioners. The ordinance has been drafted by the city attorney.

Some Street Improvements. A petition for the paving with asphalt of Fourth East street, from Brigham to Third South, is expected at any time, and there is a petition from Frank Knudsen and several others asking for the immediate paving of Seventh East street. If these petitions are favored, residents of Third South street will be in line to ask for the improvement of that street its whole length.

Mayor Bransford will send his request to the council for an appropriation to improve Fifth East street, from Ninth to Tenth South street, and proposed to make of this thoroughfare an excellent boulevard, the city to gravel the street from Ninth to Tenth South and the county commissioners to improve it below Tenth South. The city's part in the proposed improvement will cost in the neighborhood of \$2000.

MISS FERN SULLIVAN. Winner of The Tribune-Telegram subscription contest, deposited her \$1000 prize in the Utah Savings and Trust company, thus emphasizing her good judgment. Facsimiles of the check and the deposit ticket were reproduced in the Evening Telegram of Thursday evening.
